OUR SERVICES

At SeyRe - Global, we pride ourselves on a strong determination to tailor the best possible reinsurance solutions for our clients.

Being a reinsurance company, we recognize that different industries and countries reflect different risks and trends. We track these risks and trends by building synergy with our associates worldwide. Therefore, by staying well informed of these opportunities, SeyRe - Global offers an unparalleled service that keeps it ahead of the curve.

WE OFFER THE FOLLOWING SERVICES:

1. SHORT-TERM REINSURANCE:

The initial lines of business are detailed below, and as opportunities that fit into the company's risk profile arise, the line of business will be expanded accordingly, and with prior approval from the Financial Services Commission, Barbados. SeyRe Global is uniquely equipped to provide reinsurance cover, including but not limited to:

- **Property**

Contingent business interruption losses caused by fire or allied perils. Cover for damage to underlying assets and natural catastrophes.

- **Engineering Including Bonds**

Categorized as either business property or business income protection class, it covers contract machinery & equipment, contract works, constructions/erections of units, and business assets.

- **Marine**

The marine class provides insurance cover for traditional marine Hull & Machinery, Cargo/Liabilities. Also covers Political Risks which are underwritten on global terms of clients.

WE OFFER THE FOLLOWING SERVICES:

2. RISK MANAGEMENT

The world is dynamic, with emerging challenges and risks every day which calls for the increasing need for a strong partner to help reduce their risks, compensate clients against losses and free up capital in the arbitrage space.

At SeyRe Global, our hallmark is to provide the best Risk Management Solutions to our clients to help them carry on with their day-to-day and long-term operations with the confidence that their risk is well balanced.

We are constantly working on improving the expertise of our team and network of consultants to serve our clients better.

3. TRAINING

We are also committed to providing insurance literacy to all our clients and chosen markets. Our team is composed of highly skilled and experienced people who have the capacity to deliver training as we expand the insuring population.

4. PORTFOLIO MANAGEMENT

We seek to manage multiple, potentially overlapping insurance contracts, with an eye to minimizing insurance costs while ensuring adequate coverage.

CORPORATE SOLUTIONS

i. Quotes:

We offer competitive quotes across the traditional lines of insurance for facultative risk. Our cedant portal can give provisional quotes pending finalization.

ii. Policy Review:

We would apply our global experience on reviewing existing policies, benchmarked against global standards by providing a checklist that would assist cedants to align its policies in line with emerging trends.

iii. Policy Structuring:

At the product development stage, we would provide funding and market data in assisting in the structuring of a new product for cedants according to market expectations and needs.

iv. Wording Reviews:

For our niche areas, we have developed policy wordings to meet clients' needs. This wording has been thoroughly reviewed with its accompanying proposal forms for clients.

TERRITORIAL SCOPE

Africa and Offshore Islands

MARKETS

As SeyRe - Global continues to make meaningful connections with global markets, we welcome the interest of reputable insurance companies and brokers across Africa requiring reinsurance support.

CHARITY

SeyRe - Global has its foundation in the idea of giving. From time to time, part of the profits is channelled to charity and sponsorships. It is that giving mindset that makes SeyRe - Global capable of building and maintaining sustainable relationships with its stakeholders. This is our way of appreciating humanity - the very resource that enables us to grow our business.

SUSTAINABILITY

SeyRe - Global desires to be known for its Green World Initiatives and as the Reinsurance of choice, with a vast selection of products, designed to meet the very needs of the insurance industry in its chosen market.

Management's ambition is to certify its operations in line with international standards as prescribed under ISO 9001:2015 in the short term.

Additionally, SeyRe - Global would join the United Nations Environment Programme Finance Initiative by being a signatory to the Principles of Sustainable Insurance Initiative (UN-PSI)

Currently, SeyRe – Global is a signatory to the Nairobi Declaration and is incorporating environmental, social, and governance (ESG) related issues into our value chain and ecosystem in particular our underwriting, investment and analytics, and decision-making processes.
